Technology Summer Learning

Summer break is rapidly approaching. For our students, that translates into less structured days spent playing, exploring, and learning in unique ways. Nobody wants their child to be cooped up for hours on end connected to a device, however, when used properly, technology can facilitate and enhance learning. Some examples include;

- If you are planning a trip, encourage your child to use Google Earth to explore the destination or Google Maps to plan the journey.
- Create a schedule in Google Calendar with special events, chore charts, and daily activities.
- Nurture a special interest your child might have by encouraging them to create a Google Slides presentation of their research.

Your child's Google Account is available throughout the summer, including access to their Tech/Media Google Classroom. For those rainy days, or daily tech lessons, be sure to check it out for engaging learning opportunities throughout the summer!

End of the school year

School issued chromebooks will be returned the last week of school (seniors' returns will be during their last week).

Students must return both their chromebooks AND the charger that was provided with the device in good, working condition. Failure to return chromebooks and/or chargers in good working condition may result in charges for repair/replacement that will need to be paid prior to receiving the device back in the fall.

Each student will be given the opportunity to describe any pending issues/repairs on a check-in form, but are encouraged to seek repairs via TechSquad prior to the return date.

Watch for fall chromebook distribution dates in the fall newsletter and annual registration information. In order to better serve the number of students, several dates and times will be available to pick up chromebooks before the first day of school.

Tech Squad

Tech support for STUDENTS, by STUDENTS

TechSquad consists of students in grades 10 - 12 who choose to use their elective student service time to help others with chromebook problems and repairs.

We are excited to announce that, NEW to the 2022-23 school year, these students will be offered online training to become certified in chromebook repairs through VivacityTech!

2022 Husker Booster Club Golf Scramble
July 29, 2022
Blackberry Ridge Golf Course, Sartell, MN
Corporate Sponsor Form

The Husker Booster Club is going to hold its 8th annual Husker Golf Scramble on July 29, 2022 at the Blackberry Ridge Golf Course. We are contacting vendors who do business with the school district and area businesses to ask for support to make this golf scramble a wonderful fundraiser for our athletic programs. Proceeds from this event are used to provide needed equipment and uniforms for our athletic teams, as well as helping to reduce costs of activity fees. We are asking for your support for our 2022 Husker Golf Scramble.

If you would like to be part of this event, there are many ways to help. You can help by becoming a corporate sponsor or individual sponsor, donate a prize to be raffled or auctioned off, or round up a group of people and sign up for this fun event. Any contribution would be great. Listed below are some ways to contribute to the success of this event.

Contributor: Donation of items for silent auction, door prizes, or cash donation less than \$100

\$100 Hole Sponsor: A sign with your business name will appear on one of the holes on the course.

\$200 White Sponsor: Your business name will appear on a program the day of the tournament and a sign with your business name will be posted on one of the holes. Lastly, a banner listing all of the Green & White sponsors will be displayed at every home event for the 2022-2023 seasons.

\$500 Green Sponsor: Your business name will appear on a program the day of the tournament, a sign with your business name will be posted on one of the holes, and a banner listing all of the Green & White sponsors will be displayed at every home event for the 2022-2023. Green sponsors also receive free registration for a 4-person team at the tournament.

District News!

Greetings from the office of the Superintendent! Springtime is always a time of year that focuses on the concept of change. The seasons have begun to change (I will ignore the weather report for the rest of the week). Change is in the future for some of our students and staff. As much as we may dislike change, we grow from it and find new opportunities.

As I mentioned, the seasons have begun to change. This means we shift our thinking here at school as spring sports and activities have begun. After being cooped up inside the building for many months, our students, families, and community should look forward to enjoying some time outside supporting our students. Please continue to pay special attention to our daily announcements, website and social media accounts for the ever changing spring schedules.

Our staff has been working hard to finish the year strong but also planning for the summer and 22-23 school year. We will be completing a ventilation project in the high school this summer as one of the last phases of this project. We will also be considering bids on redoing the parking lot and road on the backside of the building. This area has definitely seen better days and our hope is we can take care of this as well.

The end of the school is also the culmination for many of our Huskers. For our seniors, it is the end of 13 years of time spent here at Holdingford School. Graduation is a truly great time for these young men and women as well as their families who have supported them through it all. We have some staff members who will be experiencing some change as well. Whether it is due to retirement or choosing a new opportunity, it is never easy to see our colleagues leave us but we wish them nothing but the best in their new endeavors. We have a few teachers and staff who have earned a well deserved retirement and our Husker family is extremely grateful for their years here at Holdingford. Congratulations to Milt Blomberg, Jerald Yourczek, and Helen Bechtold who have been long-time Huskers. Once a Husker...always a Husker.

We are excited to welcome some new members to our Husker family as well. There will be a time to welcome our new teachers this fall but I would like to introduce you to Garrity Gerber, the new Holdingford Business Manager. We are so excited to have Garrity join us and please take the time to learn more about him in the introduction below.

I would like to introduce myself as your new Business Manager, Garrity Gerber! Having been in private industry for the past 20 years, I look forward to working in the public sector. During the interview process, I heard nothing but great things about Holdingford, and the people at the school, on the board, and in the community have lived up to those expectations.

I live in Sartell with my wife, Missy, and 2 kids: Jax (9) and Juno (8).

We have lived there for 16 years. We enjoy everything that is outdoors and try to take an annual summer adventure to mountains or a coast.

Holdingford is a great fit for me as I grew up in the small town of Brandon, MN and had missed that atmosphere. I feel the support for the students and school is more entrenched in tight knit communities. I look forward to serving the school, students, and community!

Welcome!

It is my pleasure to announce that Becca VanHeel has joined the Husker Community as the Community Education Coordinator.

Becca has previous experience working at Husker Kids' Zone Childcare and a degree in Marketing and Design. Becca did an outstanding job creating this newsletter with her skills! I am super excited to have her strong talent on our team.

As you see Becca at Community Ed. functions, please take some time to introduce yourself and join me, again, as we welcome a new Husker team member!

Community Ed. Director

Hello and Happy Spring!

As the end of the year draws nearer and summer is quickly approaching, we wanted to send a few blippets of news your way!

****We love the sun and the warm air that spring brings, but this time of year also brings water and mud puddles. Please make sure your child has an extra set of clothes in their backpack in the event those puddles find them.**

****As the temperatures continue to warm, we will start seeing environmental elements cause possible allergic and asthmatic reactions. If your child uses an inhaler, please make sure they have it in their backpack and/or the nurse's office to be able to use if needed. Bees will also start to make their way to our school. If your child has a bee sting allergy, please make sure your child's care plan (EpiPen or not) is up to date in the event they would get stung.**

****Vitamin D is so important for our health and provides many advantages. Vitamin D supports immune health; can help regulate and boost our mood; promotes healthy bones and teeth; supports immune, brain, and nervous system health; and supports lung function and heart health. Living in Minnesota can rob us of some of our natural consumption of Vitamin D, but taking advantage of the many beautiful sunny days can help provide us the benefits Vitamin D has to offer. We hope you are able to get outside as a family to enjoy the sun and outdoors during the spring and summer seasons.**

****NEW STARTING SCHOOL YEAR 22/23:** The nurse's office will be sending communication regarding missing immunizations, care plan development, medication administration permissions, etc., via email and/or Skyward. Please make sure you have a current email on file so nobody is missed. In split family situations, we will be emailing both parties as long as both emails are provided.

Thank you to our students and their families for continuing to keep open the lines of communication between you and the nurse's office. It makes our job easier when we are able to communicate freely with you! Thank you for allowing and trusting us to care for your children during the school year. We wish you a wonderful summer filled with all the things that make your family happy!

As always, please reach out to your school nurses with any questions or concerns.

Elementary News!

Goodbye Winter and Hello Husker Families,
I want to start this email with a heartfelt "thank you" for a fantastic school year. Your support, kindness, generosity, and smiles helped make a busy and unpredictable school year go by smoothly. Not every day was easy; but most days were filled with joyful learning, strong friendships, manners, laughter and good old fashion Husker grit and hard work ethic. Once again, we have proven we are stronger together and together we can get through anything.

It is hard to believe the 2021-2022 school year is winding down. Holy cow! What a ride! Students, enjoy your summer! Play outside often, be goofy, be kind, caring, helpful and just be a kid! The days can be long, but as you get older, the years fly by too fast! Remember to help out around the house. Please read nightly to grow your imagination while opening your heart and mind to new adventures. Practice math, write a loved one a letter or two. Please don't forget to count your blessings and thank your family for the things you have and the fun opportunities they create.

To my amazing staff, once again you have stood by our children and families and followed your calling to teach. I am so proud of you and grateful for your dedication and work ethic. You kept our school a beacon of positivity, you helped keep our doors open when staffing was a challenge and most importantly, you helped every child grow academically, socially, and emotionally. The job these days is too tough to go alone. Thank you for building a sense of unity and Husker Family! I hope your summer is filled with relaxation, happiness, fun, and excitement. Husker Family! Travel safely! Laugh often, count your blessings by the 1000's and remember to help others! Husker Family forever! Watch out 2022-2023 school year...here we come!

Sincerely,
Jim Stang
Holdingford Elementary Principal

Kindergarten Orientation and Open House

The Kindergarten Team is incredibly excited to be teaching your child this upcoming school year! Entering kindergarten is a special milestone for students and we want you and your child to feel as comfortable and prepared as possible for a great start to the year. Back by popular demand, is our kindergarten schedule for the beginning of the 2022-2023 school year. Kindergarten students and their parents will get to meet their child's teacher and bring all of their school supplies to Open House night on Wednesday, August 31st.

In addition to Open House, we will also be hosting Kindergarten Orientation during the first two days of school. The kindergarten students' first official day of school will be Thursday, September 8th. Parents need to email their child's kindergarten teacher, and then they will receive a link for Sign-Up Genius. Then parents will choose a time slot to meet with their child's kindergarten teacher for the morning or afternoon orientation on Tuesday, September 6th or Wednesday, September 7th. Please sign-up for your orientation time by August 20th.

During your child's orientation time, the kindergarten teachers will be sharing their hopes, dreams, and expectations for the school year. It is also a time for families and kindergarten students to return paperwork, to ask questions, and celebrate this important milestone. We look forward to seeing you then!

Sincerely,
The Kindergarten Team

Important Kindergarten Dates

To Sign-up for Kindergarten Orientation: Please email your child's kindergarten teacher—see email addresses below. They will send you an email with a link to Sign-Up Genius. **Please sign up by Saturday, August 20th.**

2022 Holdingford 6th Grade Math Masters Competition

On March 4th, two teams of Holdingford 6th graders competed in Osakis at the annual Math Masters Competition. Holdingford sent two teams this year, each consisting of five participants per team. Holdingford White's team members were; Liliana Henagin, Blayden Nierenhausen, Cole Helback, Seth Hartung, and Max Hommerding. Holdingford Green's team members were; Taylor Strandberg, Carter Kubat, Kira Lancour, Colton Streit, and Jack Wentland.

The day started early for the Huskers as we needed to travel to Osakis for the competition which would start at 8:00 am. Once the event started each of the competitors needed to take a 5 minute fact drill, 3 individual 10 minute tests, a tie breaker, and then 3 five person team tests. A very rigorous morning to say the least. Our Holdingford students did an excellent job of working together and doing their best.

Osakis hosted 67 students which made up a total of 14 teams. Holdingford ended up placing 6th and 13th this year in the team competition and our top 3 individuals placed 11th(Taylor Strandberg), 13th (Colton Streit) and 17th (Jack Wentland) in the fact drill.

I am very proud of our Holdingford Huskers for their hard work throughout the past two months of practice which took place each Monday and Wednesday from 3:00 to 4:30. Going above and beyond each practice to challenge themselves and their teammates was an enriching experience for their future as mathematicians and Holdingford Huskers.

High School News!

Hello from Holdingford High School!

We are quickly coming up on the last days of the 2021/22 school year. It has been a wonderful school year and I want to thank our students, parents, teachers, staff and community members for their support. The road back to a new “normal” may have had a few potholes, but we were able to work together and make this a positive school year for our students. Thank you!

March was busy with the course registration process for next year. Students completed an interest survey, a master schedule was made to accommodate their interests, and students took part in arena scheduling. Mrs. Carlson is in the process of meeting with students to finalize schedules.

April at the high school will be busy preparing for state testing. The ACT for juniors will take place on April 5th. MCA and MTAS testing has begun and it will continue through May 12. Prom and post prom will be held on April 30.

May will be a time to celebrate the last days of school, the senior award/scholarship ceremony on May 11, Spring Fling on May 18, and finally commencement on **June 3**.

As always, if you have any questions or concerns, please contact me at 320-746-4309 or email me at angela.safran@isd738.org.

Angela Safran
Holdingford Secondary Principal

Grade 7-8 Cell Phone Policy

Starting in Quarter 4, March 29, 2022, students in grades 7 and 8 will have a new cell phone policy. If students bring their cell phones to school, they will be asked to keep them in a cell phone caddy in the classroom during instructional time. Students will be allowed to use their cell phones during passing time, at lunch, and during the last 35 minutes of study hall time, if they do not have missing assignments. It is our hope that as students develop their study skills, they will learn appropriate times to use their cell phones during the school day.

High School MCA Testing Dates

High School Summer School

Summer school will again be offered at the high school for students currently in grades 6 – 8. Teacher recommendations are being taken and a parent letter to those students being recommended has been mailed. Parents may also call and recommend their child for summer school.

Summer school at the high school will run the same days as the elementary summer school program, July 11 – 29 from 8:30 am – 11:30 am. Bussing will be provided. Please think about having your child take advantage of this program.

STUDENTS OF EXCELLENCE

On Wednesday, April 27th, four seniors will be recognized as this year's **Students of Excellence**. These students have shown academic excellence throughout their high school career and will be honored at a

Teresa Ethen

Teresa's favorite high school memory is attending pep rallies. She said they are a fun way to get the student body involved and participate in fun activities together. It is super cool how we had send offs for our teams going to state. The whole student body was able to come together to congratulate the team on all the hard work they had put in to get to that point and then wish them good luck at state. Her advice to underclassmen would be to get involved and stay active in school activities whether it would be a sport, play, club, etc. Activities are a fun way to stay involved and meet new people. Also when possible, go support your classmates at their events. As an athlete, it is always more fun when there is a big student section there cheering you on at your games. Teresa plans to attend Minnesota State University Moorhead and major in Elementary Education.

Cassandra Sowada

Cassandra's favorite high school memory is the Jazz Fest shopping trip, where everyone in the band would go searching through the aisles of Shopko, looking for the best snacks to eat throughout the night. Her favorite teacher throughout high school has to be Mr. Johnson, our previous band director. One piece of advice that she would give to the class of 2023 would be to stop living for others and start living for yourself, then you will truly find substantial happiness. Her plan after high school is to attend St. Cloud Technical and Community College to finish her Liberal Arts degree and complete a Finance degree.

Brea Worlie

Brea's favorite high school memories were when the school had a huge student section at home sporting events. She says she has had a lot of amazing teachers at Holdingford, but Mr. Anderson and Ms. Pedersen have both gone above and beyond to help her achieve her goals. Her advice would be to live in the moment and enjoy high school, because it goes by fast. Her plans after graduation are to attend North Dakota State University and major in Nursing.

Samantha Skwira

One of her favorite high school memories is when the jazz band went to Jazz Fest in Morris her freshman year. A few of the memorable moments from that trip included late-night conversations, trips across the road to Shopko, and the collective agreement that they would all swim in the questionable-looking pool. Samantha says that senior year is full of a lot of lasts. Savor the last moments, savor the last year. She says this has been the quickest year of her life so far, so savor it. After graduation, she plans to attend college and major in marine biology at the University of South Florida, St. Petersburg Campus.

- Varsity Teams took 7th and 8th – JV Teams took 6th and 9th

Holdingford Meet - March 9, 2022

- Varsity Teams took 5th and 9th – JV Teams took 4th and 8th Place

Place: 6th and 8th in Conference -- 2nd at Regionals – State Tournament Appearance (April 7 & 8, 2022)

There were no Subregionals this year. After our conference meets, our two varsity teams – composed of all seniors – competed at Regions on Tuesday, March 15, 2022 at North Branch High School (NB students were on Spring Break so the school was available). Our Varsity 1 Team tied for 2nd place and did a tiebreaker the following Monday at Resource Training and Solutions against St. John's Prep 2 because the score at Regions was read aloud incorrectly, but the scoring sheet was correct. They won the tiebreaker and received a position at the State Knowledge Bowl Competition on Thursday, April 7 and Friday, April 8 at Cragun's Resort.

Husker Speed and Strength Summer Training

There will be speed and strength training at the high school starting June 6th until the start of fall sports. Emphasis will be on speed training and athleticism, using an electronically timed system, and weight training will be supplemental to students' athletic advancement toward improving speed and athleticism.

All athletes will be placed in a specific program based on their training age. Training age is their experience and most athletes will start at age 0. They will advance with proper technique and safety in mind. Athletes at age 0 will have different training than those that have advanced training experience. Anyone entering grades 7-12 can attend.

Athletes are encouraged to join the remind for speed and strength by using this link: <https://www.remind.com/join/100hhs117>

Speed and strength training will start with a 6:30 AM session (M-TH), each workout will take roughly an hour, that includes warmup, speed training, core work, and supplemental weight training. It is possible that a 7:30 AM start session will be added based on interest. Athletes that plan to attend this summer should complete this google form:

Husker Sports!

✦ HHS Dance Team ✦

For the first time in program history we placed at every single competition, and also a first in program history we advanced to the state tournament! We advanced in Jazz placing 3rd at sections. We missed advancing to state in kick by 1 placement, top 3 advanced in kick, and we placed 4th.

At the state tournament we placed 9th, meaning we were the 9th best jazz A team in the state. Huge for our program!

If you have any interest in joining dance for the 2022-23 school year don't hesitate, we'd love to have new talents join our team!

— Girl's Basketball —

The girls basketball players had an incredible season with a 19-9 record and a playoff run to the 3rd round of the Section Semi-finals against Sauk Centre. We had a core of 15 Varsity players. The three seniors were Allison Barthel, Brittany Klapchake, and Olivia Opatz. Captains included Allison Barthel, Olivia Opatz and Maddy Mitchell. Practices were high-paced and efficient. We did a lot of full court drills to start practice, with shooting drills and scrimmaging in the middle, and mixed-in free throw shooting.

Individual accomplishments include Addy Pilarski setting the single game rebounding record with 25 Rebounds against Pierz. Maddy Mitchell had a 30-point game against Milaca. Addy Pilarski had a 31-point game against ACGC. Addy Pilarski ended the season averaging 16pts/gm, Maddy Mitchell ended the season averaging 14pts/gm and Makenna Hohbein ended the season averaging 10pts/gm. Addy Pilarski also ended the season with a 10reb/gm – making her average a double-double.

Team accomplishments included winning 19 games, winning the 2022 CMC Conference Championship, and making it to the Section Semi-finals.

We are looking forward to defending the Conference Championship and making a deeper playoff run next season. It will start this summer with summer workouts and summer Breakdown tournaments, as well as fall Breakdown tournaments.

Wrestling

Husker Wrestling capped off a great season with a 29-5 record and Section 7A Runner Up. Along the way our 7-9th grade wrestlers won the 9th Grade League State Championship, first every Class A school to do so. We had 2 state placers- Wyatt Novitzki (106) placed 3rd and Masyn Patrick (120) placed 4th. The 7-8th graders also won the NYWA Team State Championship March 30th in Rochester.

SUMMER 2022 SWIMMING LESSONS

The purpose of the Mid-Minnesota Swim Lessons Program is to develop competency in swimming, along with confidence and endurance. A child will advance to the next level only when he or she can proficiently and safely perform the skills within his or her level.

We expect each child to learn and progress at his or her own pace. Therefore, don't be discouraged if your child doesn't complete all the skills within his or her level during any one session. Your child needs to know that it is acceptable for him or her to take as much time as they need to master their skills.

GIRL'S BASKETBALL SUMMER WORKOUTS

(girls basketball players entering grades 4-12)

Come join Coach McDonough and the Husker Varsity Basketball staff this summer to improve your basketball game. Workouts will be held twice a week and will focus on individual skill development for each player.

These workouts will focus on the development of fundamentals. Players will spend a majority of the time working with coaches on various drills geared toward player development. There will be a strong emphasis on Building a Jump Shot, Defensive Principles, and Ball Handling.

Individual players are built in the summer. Teams are shaped during the season. Let's spend this summer enhancing individual skills. Coach McDonough and the coaching staff want this to be a fun and memorable experience for the players.

Early Childhood

Early Childhood Family Education (ECFE) is for parents and their children to come to school together to explore, sing, play and learn. Parents also have time to talk about the joys and challenges of being a parent with other families “in the same shoes”. By coming to school with your young child you are demonstrating to your child that school is a great place to be. You can register online for ECFE classes or by filling out the registration below. Please also send a copy of your child’s vaccination record. Register early, classes fill up. (all classes enter door 7).

Sibling care is offered during evening ECFE classes only. This is a free service provided to make it easier for families to attend early childhood classes. Please mark on the registration form if your family will utilize this service and the names/ages of the children attending sibling care.
