ACADEMIC ELIGIBILITY

In order to participate in Minnesota State High School League sponsored activities, students must be passing all of their classes. If a student fails one or more courses, the following procedure will be used.

- I. When a student receives one or more failing grades or “U” in a grading period, he/she will be put on academic probation. The student will be on probation for a three (3) week period. During this probation, the student will be allowed to participate. At the end of the three week period, the student will be issued a form that he/she must have each teacher sign indicating he/she is doing passing work. This form must be turned in to the activities director. If the student is not doing satisfactory work, he/she will not be allowed to participate until he/she has a signed form from all of his/her teachers stating he/she is doing satisfactory work.
- II. A student who has failed or received a “U” in a quarter/semester course and receives a mid-term deficiency notice will be ineligible until he/she presents a signed satisfactory progress form to the activities director.
- III. A student receiving a failing grade or “U” for two (2) consecutive quarters will be ineligible to participate for three weeks of the next quarter. The student may resume participation after the three-week period providing they are doing satisfactory work in all of their classes. The student must present the satisfactory progress form to the activities director. Ineligibility will be the beginning of the 5th student contact day after the end of the quarter.
- IV. Students with a disability who are on an IEP or 504 plan will be evaluated on a case by case basis. The Activities Director will consult with the student’s case manager to determine eligibility.

GRADING, ABSENCES, TARDIES & RULES OF CONDUCT

Each teacher will inform their students of his/her policies as pertaining to grading, absences, tardies and rules of conduct. The principal will approve each teacher’s policies.

PLAGIARISM

Any student who plagiarizes or cheats in any form or manner will receive the consequences determined by individual departments. These consequences vary from a 0% on an assignment, to failure of the quarter. This includes copying from any person or source and any other action commonly considered cheating.

ADDING OR DROPPING CLASSES

The counselor or principal must approve adding or dropping classes. The student's parent/guardian, releasing teacher, admitting teacher, and counselor must sign the schedule change form. Forms may be obtained in the counselor's office. The student must present the completed paperwork to the counselor and admitting teacher before being admitted to the new class. A student who drops a class more than 5 days after the class begins will be given a "W" or "F" at the discretion of the teacher and with the approval of the high school principal. A student dropping a class for disciplinary or academic reasons will be assigned to a restricted study hall/area for the remainder of the semester. If the "drop" occurs during the first semester, the student must register for a course, that same period, second semester. Failure to do so will result in the student being assigned to a restricted study hall/area.

SCHEDULE CHANGE GUIDELINES

Schedule changes are highly discouraged. Students are expected to demonstrate responsibility and integrity while making registration decisions. As a school community, we must show respect to the administration as they make budgetary decisions based on registration numbers, to classmates who are denied a class when the enrollment reaches maximum allowance, and to the staff as they order instructional materials for their classrooms.

For these reasons, the following guidelines will be enforced:

Schedule changes will be made only

- *to eliminate a study hall,

- *with a doctor's note,

- *to reschedule a failed course,

- *if a scheduling error occurred,

- *to accommodate rigorous college courses

PARTIAL CREDIT

A student will receive partial credit for the successful completion of one semester of a year long elective course. The student should utilize the same process as required for any drop situation including the signature of a parent/guardian and communication with counselor and teacher. Required yearlong courses such as Algebra must be completed in full unless the instructor has requested recommendation for partial credit.

INCOMPLETE WORK

Students are expected to complete the work during the quarter as assigned by the teacher. All Teacher requests for "I" (incomplete) must be submitted in writing to the principal. Course grades of an "I" (Incomplete) will change to an "F" (Fail) after 5 school work days at the end of each quarter. The Principal may review special circumstances.

GPA SYSTEM

The calculation of GPA will be based on a 4.00 system. The system is as follows:

A 4.00	B+ 3.33	C+ 2.33	D+ 1.33
A- 3.67	B 3.00	C 2.00	D 1.00
B- 2.67	C- 1.67	D- .67	

HONOR ROLL

Students having a grade point average of 3.666 to 4.000 qualify for the "A" honor roll. Students having a grade point average of 3.0 to 3.665 qualify for the "B" honor roll. The honor roll will be calculated on the last day of the grading period. Students who have U's and/or F's on their report card will not be eligible for the honor roll. The honor roll will be amended only in cases in which a medical or family emergency kept a student from completing assigned course work or tests. This will be at the principal's discretion.

ACADEMIC LETTERING

A student achieving the qualifying GPA will receive a school letter the same as that given for athletics. The only difference is that the medal insignia reads "Academics." If a student has already received an athletic letter, he/she would not get a second letter but they would receive the academic insignia to put on their letter.

Academic Lettering Criteria

The student's cumulative GPA shall be the sole criteria used.
Grade 9: 3.80, Grade 10: 3.60, Grade 11: 3.40, Grade 12: 3.25

PROGRESS TOWARDS GRADUATION

Students must be making progress toward graduation in order to remain a student in good standing at Holdingford High School. The counselor or the high school principal will notify students who are not making progress toward graduation. The counselor or the high school principal will inform the student and his/her parents of the options available to allow the student to remain in good standing with the school.

GRADUATION AND CLASS RANK INFORMATION

Coursework in grades 9 -12 is used in determining class rank and in meeting graduation requirements.

A student must attend Holdingford High School for a minimum of one semester of their senior year in order to participate in the graduation ceremony and receive a Holdingford High School diploma. A student must earn the majority of their credits in our building to qualify for rank and honor student status. A student may earn a Holdingford High School diploma by transferring courses in from accredited correspondence schools, but cannot be considered for Honor student status if they have not been attending Holdingford High School full time. (Students enrolled in PSEO courses are considered to be regular full time students at HHS). A student earning more than 12 credits in a non-accredited home school will not be included in class rank upon entering Holdingford High School. The total number of credits needed to graduate are as follows: Class of 2024 - 26 Credits, Class of 2025 - 28 Credits, Class of 2026 and on - 29 Credits.. A semester long class is equal to one credit and a quarter long class is equal to 1/2 credit. Concurrent Enrollment class credit is based on the number of college credits earned in the course.

The class "Top 10" will be calculated after semester 2 of their senior year. Students in the Top 10 may not have any Incompletes or Failures.

Honor students will be 3.66 to 3.74 with no "modified" classes, incompletes or failures.

High honor students will be 3.75 and higher with no "modified" classes, incompletes or failures.

High honor and honor student status will be determined two school days before graduation day. If a senior (grade 12) student is short one half credit or less to graduate and has a documented plan in place to complete the 1/2 credit, approved by the principal, they may participate in the graduation ceremony. If a student has more than 1/2 credit to complete, he/she is ineligible to participate in the graduation ceremony. All financial, discipline, and academic obligations must be met in order for the student to participate in graduation ceremonies.

EARLY GRADUATION

It is the philosophy and practice of the School Board of Independent School District 738, Holdingford, Minnesota, and of Holdingford High School, that it is in the best interests of the majority of its high school students to be in attendance for three academic years in the senior high school (grades 10-12). Exceptions to the above may be considered and a student may graduate early if:

1. the student files a petition and early graduation program plan with the principal prior to the completion of the first semester of the student's grade 11 or junior year. The petition must include a written statement which explains the student's need for early graduation and an outline of the student's plan for the year immediately following the early graduation, and
2. the program plan must be approved in writing by a parent, the student's counselor, and the principal, and
3. before early completion will be finally approved, all state and local graduation requirements must be completed.

If a student withdraws from school attendance under early graduation, he or she is no longer eligible to participate in any general school programs, co-curricular, or extra-curricular activities. Diplomas will be issued only at the official commencement program in the spring of each year, and early graduates will be encouraged to participate in this commencement program. School officials will, however, certify by transcript upon request of early graduates that they have completed the graduation requirements.

SCHOOL COUNSELING SERVICES

School Counseling services are available for every student in the school. These services include assistance with educational planning, interpretation of test scores, occupational information, career information, study help, help with home, school and/or social concerns, or any question the student may feel they would like to discuss with the counselor. The counselor respects the right to privacy of those who enter a counseling relationship. This confidentiality will not be compromised except when there is clear and present danger to the student and/or other persons. Students wishing to visit the counselor should contact the counselor and arrange for an appointment. School counselors cannot diagnose or treat high needs mental health and will refer outside for therapeutic services.

ADULT (18 YEARS OR OLDER) STUDENTS:

Students who are 18 years or older are required to abide by and follow all school rules and regulations the same as the rest of the student body, **EXAMPLE:** You may not write your own excuses. The Principal on a case-by-case basis may approve exceptions. School communication will be directed to the parent/legal guardian, unless a written request to prohibit this communication is on file in the principal's office. Parent/legal guardians will be notified of this request.

ALCOHOL, DRUGS, TOBACCO POLICY

Effective March 18, 2019 the consequences for alcohol use, drug use, vaping, or using e-cigarettes on school grounds will be as follows:

1. 1st offense: One day of In-School-Suspension, parent/guardian contact, law enforcement notified and a citation issued.
2. 2nd offense: Three days of suspension/determined by administration, parent/guardian contact, law enforcement notified and a citation issued.
3. 3rd offense: Five days suspension/determined by administration, parent/guardian contact, law enforcement and a citation issued.

Please note that ALL vapes and e-cigarettes that are confiscated are turned over to law enforcement and are not returned to students or to their parents/guardians.

MSHSL - ALCOHOL - DRUG - TOBACCO POLICY

It is a violation of Minnesota State High School League Rules for participants of league activities to use tobacco or a mood-altering chemical.

PENALTY FOR VIOLATION

A violation of the rule will result in a penalty of ineligibility for participation in games, meets, contests and festivals for Minnesota State High School League activities for the time limits specified. Participants in cheerleading and interscholastic athletics will observe penalties as stated under category one activities. Participants in band, choir, and other school organizations will observe penalties as stated under category two activities. A participant will serve the penalty for each category separate from the other but penalties may run concurrent.

Accumulative penalties: Penalties shall be accumulative beginning with and throughout the students' participation on a varsity, junior varsity or sophomore team or activity. Penalties derived at the junior high level will follow the guidelines set up in the policy book. All students in violation of the alcohol, drug, or tobacco policy may be required to participate in a school group-counseling program for approximately six weeks.

Category One Penalty: (cheerleading and interscholastic athletics, one act play and scheduled speech contests.

First Violation:

The student shall lose eligibility for a minimum of the next two (2) consecutive interscholastic events or two (2) weeks, in which the student is a participant, whichever is greater. No exceptions are permitted for a student who becomes a participant in a treatment program. A week is a calendar week, Monday - Saturday, in which a contest is scheduled.

Second Violation:

The student shall lose eligibility for a minimum of the next six (6) consecutive interscholastic athletic events in which the student is a participant or three (3) weeks whichever is greater. No exception is permitted for a student who becomes a participant in a treatment program.

Third Violation:

The student shall lose eligibility for a minimum of the next twelve (12) consecutive events or four (4) weeks whichever is greater, in which the student is a participant. The penalty may not exceed one calendar year in length.

If after the third or subsequent violation, the student on his/her own becomes a participant in a chemical dependency or treatment program; the student may be certified for reinstatement in MSHSL activities after a minimum period of six (6) weeks. The director or a counselor of a chemical dependency treatment program must issue such certification.

Category Two Penalty: (MSHSL band, MSHSL choir, fall play and spring musical/play and interscholastic speech, Knowledge Bowl, FFA and FLA, non-competitive drama and other school organizations. (NHS, Student Council, etc).

1st Penalty

1 event or 14 calendar days, whichever is less.

2nd Penalty

2 events or 21 calendar days, whichever is less.

3rd Penalty

3 events or 28 calendar days, whichever is less.

4th Penalty - Category 1 & 2

“The Student must be assessed as chemically dependent, and become a participant in a treatment program. After a minimum period of six weeks after entering the program, the director

or counselor of the treatment program may certify the student for reinstatement. Receiving counseling for chemical abuse does not qualify for reinstatement under this provision.” Ref: 2007-08 MSHSL Official Handbook pg. 30

* Advisor of Category Two is responsible to have eligible participants.

Chemical Eligibility for Junior High Activities:

RULE: During the school year, regardless of the quantity, a student shall not:

(1) use a beverage containing alcohol; (2) use tobacco; or, (3) use or consume, have in possession, buy, sell, or give away any other controlled substance. 1) The rule applies to the entire school year and any portion of an activity season, which occurs prior to the start of the school year or after the close of the school year. 2) If a category II organizational officer violates MSHSL alcohol-drug-tobacco policy, they may remain in the organization but will forfeit their elected office. 3) It is not a violation for a student to be in possession of a controlled substance specifically prescribed for the student's own use by her/his doctor.

MANDATORY CHEMICAL DEPENDENCY EVALUATION

Any grade 7-12 Holdingford student who has received two or more chemical violations during their Grade 7-12 career will participate in a mandatory certified substance abuse evaluation at the expense of the student or the student's family. Full evaluation results will be shared with the student's school district. The student will be expected to follow the recommendations of their evaluation.

ATHLETIC EVENT CONDUCT

Students are expected to display the attitude of good sportsmanship at all times. The opposing team and cheerleaders are our guests and should be treated as such. Students displaying poor sportsmanship or discourteous conduct at any school event will be asked to leave the event and referred to the Dean of Students or Activities Director for appropriate disciplinary action which may include suspension from school events.

PERMISSION FROM PARENTS/GUARDIAN

A written note, phone call, or other form of permission will be required of parents/guardians:

1. When a child returns after any absence.
2. Before any pre planned absence such as vacations or appointments known in advance.
3. Before participating in certain services or activities such as field trips, athletic competition, or testing prior to placement compensatory education programs.
4. Before a bus driver may drop off a child anywhere except the normal drop-off point.
5. For any school official to assist in administering any medication (see section on Medications).
6. If a child must leave the school premises during the school day.

A minor student may not be released early unless there is written parent /guardian permission, or the parent or parents' designee comes to school. Trips off the school grounds are not allowed unless approved by the parent. All such trips must go through the principal's office. Children of estranged parents may be released to the non-custodial parent upon written consent of the custodial parent.

ATTENDANCE:

Regular attendance is very important for all students. Regular attendance is correlated with student achievement, participation in school activities, and development of a favorable attitude for punctuality. Students are required to be in their assigned class.

As required by current statutes, regulation of the State Department of Education and the School Board of this District, students shall be in attendance each day that school is in session. The authority to decide whether an absence is excused or unexcused rests with the principal. Students returning to school following an absence will be expected to complete all missed assignments within a reasonable period of time.

ABSENCES:

The computer on a daily basis using an hourly format calculates absences.

- If a student is absent due to illness for 4 or more hours he/she is not eligible to participate in after school activities on that same day.
- Students are required to serve 1 hour of detention for every hour that is unexcused. Note these hours must be completed prior to graduation.

Skip days are not condoned or acceptable and are considered unexcused absences. Students participating in such an activity will be referred to the Dean of Students for appropriate disciplinary action. **Students who participate in unauthorized, planned class “skip days” will lose senior privileges.**

All students are expected to stay on school grounds during study halls and student service classes. Students are not allowed to sign out without parent permission.

To participate/attend any extracurricular activity, including practice, a student **must be present** for at least half the school day. If a student is attending an appointment that lasts longer than half the school day, the high school office must be notified ahead of the absence and a doctor's note verifying the appointment date and time must be presented back to the office. Any student choosing to stay home ill, for personal reasons, or family related reasons, must be present for half the school day to participate/attend after school extracurricular activities. Sponsors, directors and coaches are responsible for ensuring adherence to this policy. Requests for exceptions should be directed to the principal or if absent, the Activities Director. Absences are determined to be excused or unexcused by consideration of several factors:

I. Minnesota Compulsory Attendance Law states that every child shall attend a public or a private school in each year during the entire time the public schools of the district, in which the child resides, are in session.

II. The State Department of Education states what shall be considered as an excused absence and unexcused absence. The following information is quoted from the Manual of Instructions, Uniform Child Accounting for Minnesota School District.

A. Excused Absences:

Absences generally considered to be excused:

1. Sickness of the student,
2. Sickness or death in the family,
3. Impassable roads or weather making travel unsafe,
4. Observance of religious holidays
5. Quarantine,
6. Required to be in court,
7. Emergency medical or dental treatment,
8. Family Trips,
9. Attendance at a funeral of a close relative or friend,
10. Grave emergencies calling for the services or the presence of a student,
11. Other emergencies approved at the discretion of the Dean or Principal.

B. Unapproved absence: Absences excused by the parent but does not meet the

criteria of excused absences. Students who have 3 or more unapproved absences will receive disciplinary consequences for these absences, and could lose credit for coursework missed. Individual classroom policies will determine if credit is granted for schoolwork. (Example: babysitting, over sleeping/missed bus, work, errand, cosmetic reasons, etc.)

- C. Unexcused Absences: Truancy is when a student is absent without the knowledge of the parent and/or guardian. All absences are considered unexcused until notification from parent/guardian is received.

III. Students have 3 student contact days to clarify attendance discrepancies.

NOTIFICATION

- I. Whenever a child is absent, the parent/guardian is to call 746-4313, high school office attendance line or the student is to present a note of explanation from the parents/guardian to the attendance clerk or principal. Information, which must be included on each note, is the name of the child; date note is written, date or inclusive dates of absence, reasons for the absence, and the signature of the parent/guardian.
- II. When it is known in advance that it will be necessary for a student to be absent from school, arrangements for the absence should be made through the principal with a note of explanation from the parent/guardian at least 3 days before the absence. Absences of this type are usually appointments with medical specialists, need for hospitalization, funerals, and family trips.
- III. Students may not leave district property, during school hours, without parent/guardian permission.

IV. EXCESSIVE ABSENCES:

Please note that according to Minnesota Statutes, school officials, and not parents/guardians may excuse a student's absence from school. The so-called "excuse" note merely conveys to the school the information concerning the student's absence. Based on this information the school officials will decide whether or not to excuse the absence. When the total absences exceed 10 days the school may require a doctor verification for future absences to be excused.

BULLYING PROHIBITION POLICY

I. Purpose

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with students' ability to learn and teachers' ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, it is the school district's intent to prevent bullying and to take action to investigate, respond, remediate, and discipline those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. General Statement of Policy

A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, school functions, or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. Further this policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.

- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.

Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.

Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.

False accusations or reports of bullying against another student are prohibited.

A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses or for that act in accordance with the school district's policies and procedures,

including the school district's discipline policy(See Policy 506). The school district may take into account the following factors:

- a. The developmental ages and maturity levels of the parties involved;
- b. The levels of harm, surrounding circumstances, and nature of the behavior;
- c. Past incidences or past or continuing patterns of behavior;
- d. The relationship between the parties involved; and
- e. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibitive conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

Anyone who engages in the practice of sending sexually explicit photos or messages electronically is engaged in sexting. Anyone engaged in sending or in possession of sexting materials is subject to discipline up to and including expulsion.

DRESS CODE

Students should dress in a manner that does not disrupt the educational process. Dress and grooming styles should be neat, clean, and appropriate for school. Shoes must be worn at all times and clothing which is distracting to school staff and/or students, or a health or safety hazard, is prohibited. The school adheres to a "4B's" principle in which no breasts, butts, bellies, or backs can be shown. Students may not wear shirts, or any other article of clothing which advertises/depicts violence, drugs, alcohol; has a sexually suggestive message, and promotes/identifies or can be interpreted as gang affiliation.

Hats will be allowed on Fridays. Hats will be allowed in common spaces, such as hallways, BUT will only be allowed in classrooms at the teachers' discretion. DRIVER EDUCATION

The Drivers Education Program is offered through Community Ed. Contact the Community Education Office at 746-4465 for further information.

EMERGENCY CLOSING

If school must be closed for some reason, it will be announced as early as possible over the following radio and TV stations:

KASM 1150

WJON 1240

WWJO 98.1

WCCO 830

KMSP Fox 9

WYRQ 92.1

KSTP TV Channel 5

KCLD 1450 & 104.7

KARE -TV Channel 11

Parents/guardians will be contacted with the "School Reach" phone message system when feasible. Do not call the school or stations early in the morning during severe weather, as this will only make it harder for school officials to make emergency closing announcements to the stations. The

parents of primary age students should use their own judgment in sending their youngsters when school is in session on days with very low wind chill factors.

EMERGENCY DRILLS

Students are expected to fully comply with emergency drills. Failure to do so will be considered an act of insubordination.

EXTRA-CURRICULAR PROGRAMS

Extracurricular activities in grades 7-12 include clubs such as Art, FFA, plays, speech, yearbook, cheerleading, knowledge bowl, and athletics. A fee may be charged for participation in some of these activities according to current school board policy. The rules and policies of the Minnesota High School League apply to participants in some activities. These rules relate to physical exams, academic eligibility, and the use of alcohol, drugs, e-cigs, vapes, and tobacco. Each participant and parent is provided a copy of these rules. Any student who wishes to participate in a Minnesota High School League sponsored athletic activity must have a physical screening exam on file in the office of the athletic director before the student is allowed to participate or practice. The student must pay the cost of this physical screening exam; the school will NOT PAY FOR THIS EXAM. This physical screening exam must be renewed every three years.

FEES FOR STUDENT ACTIVITIES

- I. Band: A maintenance fee is charged for students who use school owned instruments.
- II. Participation fees for fine arts, music, drama, speech, band activities, athletics and cheerleading are subject to annual review and modification by board action.

INSURANCE

The school district DOES NOT provide medical insurance for expenses from accidents related to school sponsored activities and travel, including athletics. The parents or their family medical insurance program must assume such expenses. The private property of students and employees is not protected against loss or damage. Such losses must be filed under private "homeowners" or similar insurance plans.

STUDENTS USE OF VEHICLES POLICY

Driving any licensed motorized vehicle on tarred school roads and parking any such vehicle on school property is a courtesy offered to students and others by the school district. Orderly parking is required.

Driving any off road, unlicensed motor vehicles to and from school and parking such vehicles on school property is prohibited without specific, prior authorization from the superintendent or principal. Any unlicensed motor vehicle that is not authorized by the superintendent or principal may result in said vehicle being confiscated or removed from school property and towing charges assigned to the vehicle owner.

The School Board and school officials shall establish rules and regulations to assure safe operation of all vehicles while on school property. Students shall operate vehicles only in a prudent and safe manner at all times. Speed limit on school grounds is 10 mph maximum. Loud exhaust noise is prohibited.

The school district does not assume any responsibility for damage to private vehicles or theft from private vehicles while parked on school property, nor is any liability assumed for accidents, damage or injury caused by the operation of private vehicles on school property, regardless of the manner in which any accident, damage or injury may have been caused.

Written/verbal permission from a parent or guardian, and approval of the principal, administrative assistant/dean, or superintendent is required to authorize a student to drive their private vehicle or ride in any private vehicle during school hours. Students may not transport any other student in any private vehicle during school hours without specific authorization.

Students shall not tamper with, or sit in or upon any vehicles while parked on school property.

Students arriving at school shall enter the building promptly upon arrival; those leaving school shall depart from the parking lots promptly upon dismissal.

Students are to yield the right of way to buses at dismissal time.

Students who violate any rule or regulation regarding the use of private vehicles on school property may be denied permission to drive and park any private vehicle on school property.

The school board requires a system of (private) registration of private vehicles that students may wish to drive to school and park on school property. For additional information, reference school district policy #527. Students are required to notify the principal's office immediately of any changes. Consequences may be assigned if this is not done in a timely manner.

LOCKERS/PERSONAL POSSESSIONS

Keep them locked at all times. The administration has the legal right to search your locker. Students are to report locker vandalism to the high school office immediately. School district policy #502 addresses locker searches. Copy of policy is available for students. Denial of a reasonable search of personal possessions, vehicle, and clothing will result in disciplinary action.

BACKPACK/BAG POLICY

Students may not carry/use backpacks, cinch bags, purses, etc during the school day (8:10-3:05). Backpacks/bags need to be kept in the student's locker.

HEALTH POLICIES

A school nurse is available if students become ill or are injured at school. First aid is administered and if the situation warrants, the parents or other person designated by the parents will be asked to take the student home or the student will be expected to return to class before the beginning of the next class. **If a student is ill, he/she must have permission from the school nurse to go home.**

Students must contact the nurse first; students do not have permission to use school or personal phone or email to inform parents prior to contacting school office personnel first. The nurse will contact the parent/guardian to inform them of the health situation. Consequences will be assigned if this policy is not followed. Students may not have or receive helium balloons. Helium balloons will be allowed for program decorating or use.

MEDICATION - HEALTH POLICIES

School officials cannot routinely administer any kind of prescription/non prescription medication. Only in exceptional cases, where failure to take a prescribed medication could endanger the health of the child, may the appropriate school personnel administer that medication. In these cases medication will be administered according to the following conditions:

- I. Medication must be done according to the written order of a licensed physician and written authorization of a parent.
- II. Medication must be brought to school in a container appropriately labeled by the pharmacy or physician. Only a licensed school nurse may administer.
- III. Medications, not taken orally, or which have the potential of dangerous side effects. Non-prescription (over the counter) medication will not be allowed without the written authorization of a parent and approval of a building administrator. See School Board Policy # 516.

PERMISSION FROM DOCTORS

Students may be excused from physical education classes only if their doctor writes a recommendation, which should include the limitations or precautions in the child's activities.

PASS AND STUDY HALL PROCEDURES

- I. Students will have a pass when in the hall during class periods. If you are going to sign out of study hall to work in another area, you will have a pass from the instructor you are going to. You will get this pass before school or between classes.
- II. Students with mid quarter deficiencies will be restricted in study hall until they have made up the deficiency and the teacher issuing the deficiency gives the student a written note stating that they are doing satisfactory work. If a failing grade or "U" was earned in a quarter or semester class which has concluded, the student is to be in a restricted study hall for two weeks. After two weeks, he/she may be "unrestricted" if a note is presented to the study hall teacher indicating that the student is doing satisfactory work in all classes.
- III. No multiple names or destinations on a pass. All passes should have a signature from the staff member, date, time the student left the room, purpose for, and with the return time indicated.
- IV. Bathroom and locker passes from study halls, one per student, per study hall, at a time is limited to 5 minutes.
- V. Students must sign in and out of study hall to let teachers know their destination.
- VI. To be excused to the counselor's office, students must have a pass from the counselor unless the instructor deems the "situation" worthy.
- VII. All students who have been given passes out of study hall for any reason are to report back to that study hall 5 minutes before the end of the hour.
- VIII. Study hall is just that - a time to study, not time to play or socialize. It is important that students who want to study have that opportunity. No video streaming, gaming, etc.

POST SECONDARY EDUCATION

Post-Secondary institutions request that registration for their courses be processed through the high school counselor. In some cases, we may have the various bulletins in the counseling office or they may have been sent to you. Select courses, which you know will help fulfill whatever requirements, you have yet to complete high school graduation. You will meet with the counselor to complete this portion.

The various post secondary bulletins and manuals are usually very specific regarding registration for classes. You will have to meet their deadlines. The fact that you want to register for a specific course does not mean that you will get it - - it may already be full. Good planning is the key at this point and will require you to have alternative courses available. In order to graduate from Holdingford High School, the student must meet all I.S.D. #738 graduation requirements. Students may apply to enroll in one or more classes. However, a student may not exceed the equivalent of a full high school load under this program. For example, if you are attending high school half time, you may enroll up to half time in a post secondary institution.

Other Considerations:

- I. Students may continue to participate in extracurricular programs.
- II. Since the credits from a post secondary institution apply to a student's local graduation requirements, a student's graduation from high school may be adversely affected should the student fail even one of the post secondary courses.
- III. The scheduling of courses at a post secondary school is not an easy process. The fact that a student wishes to take a specific course does not mean that the student is

- guaranteed that course. You will be the last to register.
- IV. Transportation is the full responsibility of the student.
 - V. Students who will be registering for either Fall or Spring semester classes at a post secondary institution may find that these times do not correspond to the high school calendar.
 - VI. Students considering a Technical Vocational Program as part of the post secondary option program, must be certain to have completed all local academic requirements before enrolling on a full time basis.

PSEO ELIGIBILITY REQUIREMENTS

Students need to meet prerequisite requirements for the course. The college or University makes the final determination on a student's readiness.

*Juniors must be in the upper one-third of their class or score at or above the 70th percentile on a test, such as the ACT or SAT.

*A student who first enrolls under this provision while in 10th grade and wishes to enroll in general education courses as an 11th or 12th grade student must take the system Assessment for Course Placement and achieve the required scores prior to enrollment.

*Campuses may require eligible 10th grade PSEO students who wish to enroll in a career and technical course to meet with a college counselor or advisor.

*Colleges and universities may admit students based on other documentation of ability to perform college-level work.

*If a concurrent enrollment course cannot be filled with eligible 11th and 12th grade students, a 9th or 10th grade student may be able to enroll in that course if:

The college or university president approves;

The student has a score at or above the 90th percentile on a national test,

Such as ACT or SAT or ranks in the upper one-tenth of their class or has a favorable recommendation from a designated high school official to enroll in the course; and
