Re: Immunizations

Dear Parent:

As you know, school begins on [date]. Before your child, [name of child], can be enrolled, however, we must receive proof that he/she has received immunization against a number of diseases as required by state law or is excepted therefrom. To date, we have no immunization records for your child nor a claim of exception.

Please complete the enclosed form verifying that [name of child] has received the required immunizations, consistent with medically acceptable standards and return the form to Kristen Bruns, *before school begins*. By state law, we cannot allow [name of child] to stay in school longer than thirty days unless we have received proof that he/she has had the required immunizations or is excepted therefrom.

If you cannot submit a statement from a physician or public clinic regarding your elementary or secondary school child, you may submit your own statement on the enclosed form detailing the precise dosages given for each required immunization and the month and year each immunization was given. If you elect to submit your own statement in lieu of one from a health care provider, please contact Kristen Bruns at 320-746-4369 to determine the precise vaccinations required for your child, as the requirements vary according to the child's age.

If you are claiming an exception for medical reasons that an immunization is contraindicated or because of your conscientiously held beliefs, you must either submit a statement from a physician stating the immunization is contraindicated or you must submit a notarized statement, signed by you as the parent/guardian, or if the student is an emancipated person, by the emancipated person, stating that the student has not been immunized because of conscientiously held beliefs. The enclosed form may be used for this purpose.

If we do not receive proof of immunization or exception by [date], your child will be sent home from school and discharged from enrollment. It will then be necessary for you to re-enroll the child after immunization requirements have been met before the child can return to school. If you have any questions, please contact Kristen Bruns at 320-746-4369.

Thank you for your cooperation.

Very truly yours,

[School District Official]

Re: Immunizations

Dear Parent:

As you know, school began today. To date, we have no immunization records for your child nor any record of a request for an exception. In order for your child, [name of child], to remain enrolled, we must receive proof that he/she has received immunization against a number of diseases as required by state law or that he/she qualifies for one of the statutory exceptions. By this letter, we wish to verify that our records concerning your child are accurate and complete.

Please submit a statement on the enclosed form to Kristen Bruns from a physician or a public clinic verifying that [name of child] has received the required immunizations, consistent with medically acceptable standards. By state law, we cannot allow [name of child] to stay in school unless we have received proof that he/she has had the required immunizations or has satisfied one of the statutorily recognized exceptions.

If you cannot submit a statement from a physician or public clinic regarding your elementary or secondary school child, you may submit your own statement on the enclosed form detailing the precise dosages given for each required immunization and the month and year each immunization was given. If you elect to submit your own statement in lieu of one from a health care provider, please contact Kristen Bruns at 320-746-4369 to determine the precise vaccinations required for your child, as the requirements vary according to the child's age.

If you are claiming an exception for medical reasons that an immunization is contraindicated or because of your conscientiously held beliefs, you must either submit a statement from a physician stating the immunization is contraindicated or you must submit a notarized statement, signed by you as the parent/guardian, or if the student is an emancipated person by the emancipated person, stating that the student has not been immunized because of conscientiously held beliefs. The enclosed form may be used for this purpose.

If you have already submitted a statement to us, please indicate how the statement was submitted (i.e. hand-delivered, mailed), when it was delivered and to whom. It may be necessary for you to obtain a duplicate statement if the original cannot be found. If additional time to obtain a duplicate is required, please so indicate in your response.

If we do not receive proof of immunization or exception by [ten school days], your child will be sent home from school and discharged from enrollment. It will then be necessary for you to re-enroll the child after immunization requirements have been met before the child can return to school. If you have any questions, please contact Kristen Bruns at 320-746-4369.

Thank you for your cooperation.

Very truly yours,

[School District Official]

Re: Non-Enrollment for Lack of Immunization Proof

Dear Parent:

We are sending your child, [name of child], home today because we have not yet received proof that he or she has received appropriate immunizations or is excepted therefrom. Minnesota law does not allow us to enroll an elementary or secondary school student without proof that the student has received the required immunizations or is excepted therefrom.

As we advised earlier, State law and School District policy allow for a thirty-day grace period and a ten-day due process period during which your child may attend school. Those grace periods have now expired.

[Name of child] may re-enroll as soon as we have received appropriate proof of immunizations. If you have any questions about the proof or the immunizations required, please contact [name of school official] at [telephone number] as soon as possible.

We look forward to having [name of child] back in school soon.

Very truly yours,

[School District Official]

Minnesota law requires children enrolled in school to be immunized against certain diseases or file a legal medical or conscientious exemption.

Parent/Guardian:

You may attach a copy of the child's immunization history to this form OR enter the MONTH, DAY, and YEAR for all vaccines your child received. Enter MED to indicate vaccines that are medically contraindicated including a history of disease, or laboratory evidence of immunity and CO for vaccines that are contrary to parent or guardian's conscientiously held beliefs.

Sign or obtain appropriate signatures on reverse. Complete section 1A or 1B to certify immunization status and section 2A to document medical exemptions (including a history of varicella disease) and 2B to document a conscientious exemption.

Additionally, if a parent or guardian would like to give permission to the school to share their child's immunization record with Minnesota's immunization information system, they may sign section 3 (optional).

For updated copies of your child's vaccination history, talk to your doctor or call the Minnesota Immunization Information Connection (MIIC) at 651-201-5503 or 800-657-3970.

School Personnel: Be sure to initial and date any new information that you add to this form after the parent/guardian submits it. Also, record combination vaccines (e.g., DTaP+HepB+IPV, Hib+HepB) in each applicable space.
