Superintendent News:

Greetings from the desk of the Superintendent's office! The calendar year has flipped and we are looking at moving into the second semester here at Holdingford. While it may seem like not much changes at times, I can assure you that isn't always the case in a school.

For example, in the upcoming weeks, we will do the work in selecting our new JH/HS Principal. Mr. Wege has done an amazing job in the interim and it has allowed us to conduct a full search for our next leader. This will be an important hire for us and the new principal will play a major role in the creation of our portrait of a graduate and our strategic plan. It is exciting and we will do all we can to bring in a leader who will be great for our students, staff, families, and community.

The legislative session began earlier this month and just like many of you, I will be following it very closely. It is a unique opportunity for our state to do a lot of good. Whether that be support for infrastructure, tax cuts, or countless other worthwhile options, we as a school will be following closely. As a school district we will be advocating for our students, staff, and community as well.

The winter season is past the midpoint and our students are excelling in so many ways. It has been a joy to follow and I applaud all of the students, coaches, and advisors for the countless hours they commit to their passions. Best of luck in the weeks ahead! Our facilities team has been hard at work to assess our current needs and continue our short term and long term planning. Thanks to the support of our community, most of the long-term (big ticket) items have been taken care of. That list includes roof maintenance, parking lots, additional classroom space in the elementary, HVAC, playground upgrades, and many other items. This allows the district to continue routine maintenance on the remainder of our site. We will continue to look at possible improvements/maintenance for the summer and will finalize those plans early this spring.

Winter Parent/Teacher conferences are right around the corner. Conferences will be from 2:00-8:00 on Feb. 9th and 13th. If you have elementary students, please be on the lookout for information on how to sign up for conferences with your child's teacher. Winter conferences are such an important time for the team of you, your child and teacher. The staff undoubtedly have learned so much about your child and it is a time to set the path for a great finish to the school year.

Thank you again for your support of our staff and school. It truly is a partnership and we celebrate our victories together.

Chris Swenson
Superintendent

2023 Holdingford District Spelling Bee

District 738 held their annual Spelling Bee on January 10, 2023 in the high school theater. The Bee was made up of 23 students in 5th through 7th grade. The fifth grade participants were Macey Anderson, Mariah Anderson, Noah Bartkowicz, Alexandra Knettel, Samuel Kunstleben, Quinnley Lange, Emma Pease, Quinton Revermann, and Catherine Vouk. Sixth grade spellers were Kennedy Bechtold, Stella Binek, Ophelia Kizer, Briella Knettel, Aubrey Larson, Mya Seitz, Keagan Voigt, Ariel Vonderhaar, and Faith Wuebkers. Seventh grade participants were Caleb Frie, Cole Helback, Max Hommerding, Kira Lancour, and Parker Opheim. After 13 competitive rounds, the Bee came down to two sixth grade spellers: Keagan Voigt and Stella Binek. Stella and Keagan battled for the first place spot for five rounds before Keagan spelt the word "swashbuckle" correctly to declare him the 2023 Holdingford District Spelling Bee Champion. Keagan will represent Holdingford as he moves on to regionals on February 7th at Resource Training and Solutions in Sartell. Congratulations, Keagan! The teachers at Holdingford are so proud of the spellers for their hard work in preparing for the bee. Congratulations to all participants, and best of luck to Keagan at the Regional Bee!

Audiobooks - A Reading Alternative

Reading is important at any age. We are fortunate to have a wide variety of books available to all of our students here at Holdingford Public Schools. Sometimes life gets busy though and it is difficult to make time to read. Enter audiobooks. Over the last decade, audiobooks have made reading more accessible to readers of all ages. Now our favorite stories can be enjoyed while we work, travel or even exercise. Here are some practical suggestions to get started on your audible journey into literature!

- Check out your local library. Many libraries use the OverDrive platform, which allows you to borrow and listen to audiobooks for free. You don't even have to visit your library. As long as you're a member you can download them using the Libby app for iOS and Android.
- You can get free audiobooks from a number of services, including Librivox, OpenCulture, and Lit2Go. Even Spotify has them---just do a search for "audiobooks" to uncover loads of curated playlists.
- Subscribe to a platform such as Audible. There is a monthly fee but it is well worth it for any avid reader to have access to unlimited titles at the touch of a button!

Technology Department (320) 746-4480 or Skywardhelp@isd738.org

Obsolescence is a word used to describe old technology. More specifically, "old" technology that is no longer used even though it might still work just fine.

Some examples of technical obsolescence are:

Records, cassette tapes and CDs = MP3/digital music

Television sets = high-def, flat screen tvs.

Typewriters = computers/word processing software

Answering machines = voicemail systems

Horse-drawn carriages = automobiles

With Family Access, you can determine which alerts you receive about your child, how you're notified, and in what language the information is displayed. For more information, view the "60-Second Power-Up" video from Skyward:

Notes from the Nurse's Office

Warm Clothes

Please send your child to school well prepared for winter weather. Even in cold weather they need exercise and fresh air. Even if it is so cold that we keep students inside for recess, emergencies with power and heat in the building and/or school bus could expose your child to cold conditions. We suggest that you send your child(ren) with a jacket, snow pants, hat, and mittens/gloves. A student can always take off layers if he/she doesn't end up needing them.

February is Children's Dental Health Month!

Lifelong habits begin at home. Make dental health part of your daily routine and share these reminders with your whole family.

- Brush your teeth at least twice a day with fluoride toothpaste, especially in the morning and before bedtime.
- Floss every day. An adult should help children under the age of 8 to floss. Older children should be ready to floss on their own.
- Visit a dentist regularly for routine checkups and cleanings.
- Protect your teeth by wearing a mouthguard when playing sports.
- Don't forget to change your toothbrush every 3 - 4 months (or sooner if the bristles are frayed), and after an illness.
- Choose healthy snacks and beverages that aren't high in sugar.

Is my child well enough to attend school and school activities?

Sick season is still in full swing. Please remind your children to wash, wash, wash their hands! This is the best aid in defense against illness. Below is a chart to help guide you on whether to send your child to school and school activities.

The advertising would be electronically displayed in rotation during athletic events such as volleyball, girls' basketball, boys' basketball, wrestling and more.

Happy New Year Husker Family!

2023! Here we come...ready or not! Students, the best part of my Christmas Break was coming back to school. Oh don't get me wrong, I enjoyed my time away and I loved my time with family and friends. The best part of the new year was coming back to school to learn, laugh, and grow with such amazing, kind, caring, hardworking children and supportive families. I am proud of you. I am proud of us. You mean the world to me.

I am happy to share that 2023 is off to a great start. I would like to thank our fantastic teaching and paraprofessional staff for all their hard work and extra efforts to help each and every child grow and learn. With sub shortages, I appreciate your willingness to pitch in and help out. Your flexibility and positive attitude ensures the needs of children are met with smiles, laughter, and love. It is an honor to work alongside you. I am proud of you.

A huge Husker thank you goes out to our custodians and bus drivers. Drivers, thank you for your care, concern, and professionalism. Mother Nature threw us icy roads and snowy curve balls. You hit home runs and kept us safe. So proud of you. GREAT job custodial staff! You moved mountains of snow just to keep us open and ready for kiddos. We appreciate all your hard work.

I would like to share with our readers that we have the neatest, nicest children! I tell anyone that will listen, we have the best, kindest, hardest working children in our school. I brag that all my children use please and thank you's, are honest, and know how to say I am sorry. A Husker sorry here at school means we will not make the same mistake twice. Kids, I love that you are nice to each other and our big kids, our 5th and 6th graders, lead by example and take care of our littlest Husker preschoolers. Not every day is easy, and we all have a bad day now and then, but your kind hearts and your ability to think of others before yourself fills our classrooms and hallways with Husker happiness. Let's keep working together to create hope, build better tomorrows, and ensure that every Husker feels welcomed and safe.

Parents and community members, thank you for your continued support. We would be lost without you. I feel blessed to be your principal. Not everyday is easy...we make mistakes. But together we build each other up and help each other out. Days together are a precious gift. Husker Family is forever!

Sincerely,

Jim Stang
Holdingford Elementary School Principal

HIGH SCHOOL NEWS

As I work on this newsletter, we are transitioning into the 2nd semester of the school year. For students it is a time to complete their final projects and tests for quarter 2, but it also is a fresh start as we go into quarter 3.

I've always said the school year is like running a 5K race. We start strong and have lots of energy at the beginning of the year. By the middle of the year we get into a stride, and then we have to work hard to stay strong at the end. In our lives we also have times when we start strong and then work hard to get through it at the end. Perseverance is an important trait we want our students to develop and that trait is what helps them get them through the tough times. Students will face different challenges in their lives and we hope they understand that they can choose to be a victim of their challenges, or better for them. Working through a tough class, test, or assignment helps them develop that perseverance that will lead to handling future challenges better.

As we head into the 2nd half of the year I want to thank parents for your continued support of Holdingford High School. We have many activities happening this time of year and students are finding successes along with some challenges. We hope that in the end our students will take away great memories as well as develop important skills that will help them in the future. I see Husker Strong every day in our school (respectful, responsible, healthy), and enjoy watching students celebrate their achievements along with helping them persevere through their challenges. We all play an important role in the lives of our students, and through that support, I hope they will have the opportunity to celebrate their successes at the end of the year.

Tim Wege
High School Principal
